#### General Appearance

medium sized black dog of a lighter type. Just big enough  
nice top line. Still looks very immature (much younger  
than he is)

#### Weight / Size

nice proportions

#### Coat / color

peep black shiny coat, still a bit curly on back

#### Head

medium sized head. Expression very nice but could  
be more masculine. Ears set on back, carried ok +  
of a good size, enough stop. Lips slightly loose

#### Bite

complete scissor bite

#### Eyes

medium brown, tight eyelids

#### Neck

correct neck

#### Breast

must develop a bit

#### Back

strong and straight, very nice

#### Tail

correct length, anatomically correct, carries it high +  
a bit to right

#### Forequarters

well angulated, a bit weak in wrists, turns outward  
a bit

#### Hindquarters

well angulated. Has dew claws

#### Gait/ Movement

He can trot nicely with nice stride - as seen from side  
loose in elbows and wrists, behind a bit close
